Cornwall

Land bizarrer Küsten am Rande des Atlantik

Vortrag in englischer Sprache mit **Hans Peter Münster**

Reaching out into the Atlantic the Cornish peninsula with its jagged coastline is a historic country already known to the old Greeks as the "Tin Islands". In the middle ages it became an early Christian centre and the presumed home of legendary King Arthur. Today Cornwall is a renowned holiday destination with its beautiful countryside and mild climate. So it is no surprise that every year people from all over Europe travel there to enjoy the unique atmosphere in this beautiful part of the world.

Eintritt 4,00 Euro – Voranmeldung nicht erforderlich.
